SCHOOL FINANCE MEMORANDUM 17-055

To: Charter School Operators, Charter School Sponsors, Charter Business Managers, Charter Principals and Administrators, and All Charter Schools

From: Lyle Friesen, Deputy Associate Superintendent School Finance

Date: June 14, 2017

Subject: Charter School Estimated Student Enrollment List Collection for FY 2018

REQUIREMENTS

- Pursuant to [A.R.S. 15-185\(B\)\(2\)](#) the student count of a charter school shall be determined initially by using an “estimated count” based on actual registration of pupils before the beginning of the school year.
- *Estimated count* means the **projected ADM** for the current fiscal year, NOT the “head count” of the pupils enrolled. **Note:** School Finance will be offering a webinar for new charter schools in the near future. Details will be posted in Hot Topics on the [School Finance web site](#). Please check this page often for updates.
 - The charter school sponsors (Charter Board, Arizona State University, districts, etc.) may require charter schools to have specific student and parent information on file for any student who is recorded on the estimated list. The required information for the State Charter Board-sponsored schools can be found on the Board’s website at: <https://asbcs.az.gov/estimated-enrollment-policy>. For all other sponsored schools, please contact the sponsor directly for their requirements.
- The initial Estimated Count list must not exceed the actual registration of pupils.
- After school begins, but before each of the listed due dates, the name of any student who has not participated in instruction must be removed from the list. Failure to remove students who are not receiving instruction can cause over-funding and state-aid will be appropriately adjusted which could result in a reduced or non-payment status once the payment is based on the actual data submitted to AzEDS.
- Students whose names were not on the initial Estimated Count list may be added at any time the application is available until the last due date. Should the use of Estimated Counts extend beyond the schedule listed on Page 3, the application will be opened for a short window each month, by request only, for any charter school needing to update data.
- Charter school operators are not obligated to list every student.
- All charter school operators, including operators of district-sponsored charter schools, must submit a student list to ADE for each charter site using the Charter Estimated Counts on-line application.

- ADE will NOT pre-populate the Charter Estimated Counts' application with student information from the previous school year.
- The initial payment of state aid will be delayed if the deadlines specified on Page 13 for the Charter Estimated Counts' list and the LEA Calendar have not been met.
- The Charter Estimated Counts' on-line application allows a charter to identify if a student is AOI full-time or AOI part-time. If the charter is identified as an AOI school (an online school), the application will display a checkbox showing "Full-time AOI" and "Part-time AOI." The default status is "Full-time AOI."
- Please make sure to check your Estimated Counts and your AzEDS data for accuracy. Your successful submission of this data will result in an accurate and expected state aid payment. Failure to verify your Estimated Counts, AzEDS data and student detail reports may result in students not generating ADM and therefore, a less-than-expected payment or a non-payment. If you have questions regarding how to verify your data, or if you are not able to successfully submit your student detail data, please contact your account analyst at SFAlystTeam@azed.gov.

PROCESS AND PROCEDURES

Charter school student lists are submitted to ADE via the Charter Estimated Counts on-line application. This application is accessible through the ADEConnect at <https://home.azed.gov/Portal/>, and provides two options for submitting the data:

1. Manual entry of each student using the form fields provided within the application.
2. Upload of a properly formatted data file (comma-delimited text file).

Enter the full directory path and name of a properly formatted import text file, or click Browse to locate and select the file you wish to upload. (Refer to the Help page for detailed information about import file format and data content requirements.) Click Submit to transmit the file data for processing. Click Cancel to abort and return to the default start page.

 Replace the existing information with the uploaded data

Please refer to Pages 4 and 5 for the data submission requirements and file specifications.

Note: Student names can only be deleted from the Charter Estimated Count by using the on-line application.

Payments are based on the estimated count (projected ADM) and are scheduled on the first business day of the month from August to May and the first and last business day in June. **Please remember to continually and carefully review the charter student list for duplicates or erroneous entries that will require correction before the application is locked to capture the data for payment.** The Estimated Count student list is due before 4:30 p.m. on the due dates listed below. After 4:30 p.m., the Charter Estimated Counts application will be administratively locked until the next month's submission date. A summary report of the charter's submission will be posted to the charter school's home page on the ADE School Finance website: <http://www.ade.az.gov/Districts/EntitySelection.asp> within the five business days after each due date. It is the responsibility of each charter school to verify that the information posted on the summary report correctly reflects the sum of the student-level data that was submitted by one of the two data submission processes.

Student level data on the Charter Estimated Count List will be used as the basis for calculating State Aid as displayed in the table below:

For Payment Date:	Estimated Counts Submission START DATE	Estimated Counts Submission DEADLINE (by 4:30 p.m.)
August 1, 2017	June 15, 2017	July 14, 2017
September 1, 2017	July 25, 2017	August 14, 2017

DATA FILE SUBMISSION REQUIREMENTS

The following definitions and descriptions of the student level data apply to on-line manual entry into the application and the comma-delimited text file.

1. Data must be submitted at the **site level**. The **CTDS number ending in 000 represents the holder level, not the site level (with the exception of DSCS)**. One data file must be submitted for each charter school site. If the charter holder is represented by two or more charter school sites, then a separate file must be completed and submitted for each site. When saving the file(s), please use the charter school site level number in the name of the file. The site level number is equal to the last three digits of the charter school CTDS number. For example, Bright Blue Charter School has two charter schools. The charter school site CTDS numbers end in 101 and 102, respectively. Therefore, school site 101 will submit a data file as BrightBlue101.txt and school site 102 will submit a separate data file as BrightBlue102.txt.
2. Data must be submitted electronically using the Charter Estimated Counts on-line application. ADE will not accept any student-level data not submitted via the on-line application.
3. Charter schools will be required to identify if a student is non-AOI, AOI Full-Time or AOI Part-Time. This is a required field for all students being submitted using a comma delimited text file. Please see Page 5 for the file specifications.

Specifications For Using Comma-Delimited Text Files

For those using the text file upload option, the first row must contain data header fields, and all subsequent rows must contain student data. All values must be surrounded by double quotes and separated by commas. Each row of the text file must end with carriage return and line feed characters. Check the example below for an illustration of these requirements.

* Charter schools receiving federal Indian School Equalization Program (ISEP) funds must report data used in the calculation of State Aid separately for the ISEP students and non-ISEP students. This allows ADE to accurately apply A.R.S. §15-185 (D) only to the State Aid generated by the ISEP-funded students. Non-ISEP students will generate monthly State Aid for the charter. Students who are funded by ISEP will not be included in the student count to generate state funding. For reporting purposes, all students must be identified as either "ISEP" or "non-ISEP" in the "Previous LEA" field of the Charter Estimated Counts application. Once SAIS reporting begins, all ISEP students must be submitted with a Tuition Payer Code = 6 to ensure they are excluded from state funding.

SPECIAL EDUCATION ELIGIBILITY REQUIREMENTS

Special Education students may be reported on the Estimated Counts Student List if all eligibility requirements are met when registering for the upcoming school year. The charter is strongly encouraged to be conservative in the submission of the estimates. It is important to note that once actual SPED counts are calculated from data submitted to AzEDS, an overestimated SPED count may result in a non-payment status for one or more months for the charter.

The IEP team determines the category under which a student is eligible to receive services once a student has been evaluated. It is possible for a student to be eligible to receive special education services in more than one category. If this is the case, **only submit the highest weighted (primary) category for the student. No student should be submitted more than once to the estimated counts application.** Please refer to the Budget Worksheets B for the special education weights. The budget worksheets with the updated weights for FY 2017 are available at [Budget Forms](#). **If there is any uncertainty regarding the student’s category and/or service type, or if an IEP is not on file, the charter is encouraged to contact their specialist in ADE’s Exceptional Student Services (ESS) unit.** All funding for any eligible special education student not claimed during the estimated counts period will be retroactive to the beginning of the fiscal year once payment begins from the actual SPED data resident in AzEDS.
